Recommended changes:

- Would have committee in place in June to plan for the year
- Would put a few seasoned parents on the committee to give some history of past events and best ways to communicate with school
- To raise more \$ would add more parents to this committee and then each person could sponsor, execute an event
- Work with PTO to understand social events / school events planned for the year so the calendar is evenly planned
- Would do a mother's only event / dad's only event – social events - wine nights, pay to play themed events at people's houses, etc
- would do a back to school event early in the school year and charge each attendee – ie beach bbq
